

**Integrated Neuropsychological Services
Fayetteville, Arkansas**

Dr. Robert Coben, BCN and Dr. Anne Ward Stevens, BCN are seeking a licensed or license eligible Psychologist or Neuropsychologist who is interested in neurofeedback therapy and psychotherapy. An ideal candidate would be a self-motivated clinician, who is interested in learning or has experience with neurofeedback therapy.

Clinical duties include providing assessment and treatment within our innovative Neurobehavioral clinic, formal psychological assessment, neuropsychological testing, and providing psychotherapy. Full time or part time hours are available at our clinic in Fayetteville, Arkansas.

Preference will be given to those who are currently BCIA certified in neurofeedback or willing to earn the credential within 6 months.

Please contact Angela at angela@integrated-neuro.com for more information.
