

May 18, 2017

East Valley Neurofeedback and Peak Performance Center (Mesa, Arizona) is looking for a neuro/biofeedback clinician to provide children and adults with the support needed to cope with chronic or acute mental illness using neurofeedback. The position would be part-time ranging between 10-25 hours a week depending on caseload and clinician availability. No medical benefits offered.

The clinician will meet with patients in the office 1-2 times per week for 45 minutes at a time providing neuro/biofeedback. The clinician is responsible for charting each session's progress. The clinician will also be required to attend a clinical staff meeting for one hour per week on Tuesdays from 12:00 – 1:00 PM.

Applicant must have at least Master's level degree in School Psychology, Child Development, Counseling, Neuroscience, or another similar field, and/or the equivalent of BCIA Certification. Experience (1 – 2 years) preferred but not required, as we are willing to train the right person. Preference will be given to a BCIA certified provider or to an individual who is willing to be certified within 1 year of employment. Applicant must be able to pass a criminal background check and drug test.

Please provide CV or resume in PDF form, along with a brief cover letter and three references in the body of the email to: [taryn@dratexidor.phxcoxmail.com](mailto:taryn@dratexidor.phxcoxmail.com)
